# Free Activities

ALL DAY

**Saturday, 2 June**

**Sunday, 3 June**

## The Green Trail

Presented by the Department for Environment & Water, this fun, interactive exploration of sustainable living covers National Parks, River Murray, Outback, Coast and Marine, and Home and Backyard. Visit each exhibit and answer a question to receive a giveaway and a stamp on your Green Trail Passport. Once complete, enter the draw to win one of the great environmental experience prizes on offer.

## Climbing Tree Nature Play

Playing in natural habitats contributes to the overall physical, cognitive and emotional development of children and this purpose-built indoor nature play area is going to be the talk of the Fair. You won't want the kids to miss this.

## The Noctarium

Find out what goes on after the sun goes down in the Noctarium. See dunnarts, hopping mice, plains rats, possums, potoroos, frogmouth, curlews, geckos, pythons, death adder, tree snakes, frogs, eels, spiders, scorpions and stick insects which are not normally active during the day. The nearby python tree also provides the opportunity to get up close and personal with these magnificent creatures.

## Animals Anonymous

A mobile team of wildlife demonstrators and environmental educators will host shows and present a diverse range of tame native animals. They are sure to inspire everyone to love, conserve and enjoy the awesome natural world that surrounds us.

## Bugs n Slugs

The Bugs n Slugs exhibit is a hands-on interactive experience designed to foster the appreciation of invertebrates' biology, diversity, form, function and unique beauty. Whether its insects, spiders, lobsters, worms or snails they are all very important to the eco system.

# Free Activities

ALL DAY

**Saturday, 2 June**

**Sunday, 3 June**

## Sustainable Housing

The Adelaide Sustainable Building Network acts as an advocate and educator through events, lectures, workshops, projects and sharing of digital knowledge to improve awareness around sustainability in urban environments. Visit their display and talk to the experts.

## Questacon “Earth Quest” Exhibition

Interact with the 30 exhibits of Earth Quest -Outer Space to Inner Earth – a quality collection from the internationally acclaimed Questacon in Canberra. Each exhibit allows you to discover the workings of our precious environment, explore themes of astronomy, geology, geography, environmental science and biology.

## Adelaide Showground Rooftop Tours

This is your opportunity to inspect first hand the 10,000 solar panels generating power for Adelaide Showground. While you're up there also look out for our beehives cared for by our resident apiarist.

## Rock About Rock Climbing

Discover the joy of climbing. Climbing isn't just enormous fun, it's great exercise and a rewarding challenge for climbers from 15kg up to 115kg – and there's no age limit!

## Mini Golf

Super cool, themed three-hole mini golf! Put the ball through a small wheelie bin and re-cycling materials, tap it over a mountain, river and bridge, or strike the ball across a sandy desert (and a few other obstacles) into the hole.
